## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-5 are allowed.
2. The following is an examiner's statement of reasons for allowance: This invention deals with a coaxial cable comprising an core conductor having a Young's Modulus of the core conductor being 245 Gpa or more and an electrical conductivity of 20% IACS or more (claim 1). The above stated claimed limitations, in combination with other claim limitations, is not taught or suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Drawings***

3. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: The applicant is required to submit the proposed drawing correction because as disclosed in Background of the Invention Section of the specification, Figure 1 is a prior art figure. Specifically, the MPEP is consistent that when a figure is described in the Background of the Invention Section of the specification, such a description is a "Admission of Prior Art". The MPEP states the following:

Art Unit: 2831

(F) Whether the specification's background of the invention describes information as being known or conventional, which may be considered as an admission of prior art, but such information is unfamiliar to examiner and cannot be found within the application file or from the examiner's search, and further details of the information would be relevant to the question of patentability.

In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.. In order to avoid abandonment of the application, applicant must make these above
